PUBLIC NOTICE:

Ordinance No. 2026-007
City of Glencoe,
Gallatin County, Kentucky
An Ordinance Setting the Ad Valorem Tax Rate for Real and Personal Property Located in the City of Glencoe, and Collection Procedures of Same

Now, Therefore, Be it Ordained by the City of Glencoe, Gallatin County, Kentucky, as follows:

Section 1
County Assessment Adopted

(A) Pursuant to the authority granted in KRS 132.285, the city hereby adopts the annual Gallatin County assessment for all real and personal property situated within the city as the basis of all ad valorem tax levies ordered or approved by the Glencoe City Council.

(B) The assessment as finally determined for county tax purposes shall serve as the basis for all levies for the fiscal year commencing after the assessment date.

(C) The tax liability imposed herein shall be based upon the assessed value of the property owned by the taxpayer on January 1, 2026 or as determined by the Gallatin County Property Valuation Administrator.

(D) Each taxpayer shall be liable for all taxes imposed on the basis of the property owned by the taxpayer on January 1, 2026.

Section 2
Due Date: Payment

(A) All taxes, except ad valorem taxes on motor vehicles, shall become due on December 31, 2026.

(B) The payment schedule shall be recorded on the city tax bill showing the 2% discount period if paid by 11/01/2026 of the current tax year.

(C) The face amount shall be due by 12/31/2026 of the current tax year.

(D) Any payment after 12/31/2026 of the current tax year shall be subject to a 12% penalty and shall be delinquent.

Section 3
Delinquency

(A) All city taxes, except ad valorem taxed on motor vehicles, shall become delinquent on January 1, 2027 following their due date.

(B) Any taxes not paid by the date when they become delinquent shall be subject to a penalty of 12% on taxes due and unpaid plus 1% permonth interest until paid. The delinquent taxpayer shall also pay all costs and expenses incidental to any action taken by the city for collection of the delinquent tax bill.

(C) Delinquent taxes shall be collectable under the provisions of Kentuck State Statutes relating to collection off delinquent taxes by cities under home rule provisions.

(D) The City of Glencoe shall have a lien upon all property which ad valorem taxes are hereby levied for payment of said taxes, and for all penalties, interest, fees, commissions, charges and other expenses including court costs and attorney's fees incurred by reason of any delinquency in payment of such taxes, or in the process of collection them and such lien has priority over all other obligation or liabilities for which the property is liable.

Section 4
Ad Valorem Taxes on Motor Vehicle

(A) All ad valorem taxes on motor vehicles shall be collected by the Gallatin County Clerk in accordance with KRS 134.800.

(B) Ad valorem taxes on motor vehicles shall becomw due and delinquent as set forth in KRS 134.810 and any such taxes not paid by the date when they become delinquent shall be subject to the penaly and interest specified in KRS 134.810.

Section 5
Disposition of Funds

All monies collected for the taxes levied in this Ordinance shall be paid into the General Fund of the city, to be used for the payment of propert expenditures as determined by the City Council within the required appropriations within the annual budget ordinance.

Section 6
Ad Valorem Rate

(A) An AD VALOREM TAX of: 0.229 per one hundred dollars ($100.00) worth of real property is hereby levied on all lands, improvements, tangible or intangible held or owned by any person, firm, company, corporation or association in his, her, or its name or fiduciary or agent and subject to taxation under the lasw of the Commonwealth of Kentucky, including all property and franchises herefore and hereafter assessed by the Gallatin County Property Valuation Administrator, Railroad Commission, State Tax Commission, and State Board of Evaluation and Assessment.

(B) AD VALOREM TAX of 0.393 per one hundred dollars ($100.00) worth of personal property is hereby levied on all personal property and mixed property.

(C) AD VALOREM TAX of: 0.323 per one hundred dollars ($100.00) worth of motor vehicles subject to taxation within the corporate limits of the City is hereby levied on all motor vehicles.

All of such taxes shall be paid to thhe Treasurer/City Clerk of the City of Glencoe, Kentucky.

Section 7

This Ordinance shall be in full force and effect from and after its passage, approval and publication as required by law.

This Ordinance adopted this 15th day of October, 2026.

NOTICE

Please take notice that, in an application to be filed no later than November 2, 2026, Duke Energy Kentucky, Inc. will be seeking approval from the Kentucky Public Service Commission to revise its Demand Side Management (DSM) rate for gas service and electric service for residential and commercial customers, with changes to become effective on or after December 2, 2026. Duke Energy Kentucky's current monthly DSM rate for residential gas customers is $0.014440 per hundred cubic feet and for non-residential gas customers is $0.000000 per hundred cubic feet. Duke Energy Kentucky's current monthly DSM rate for residential electric customers is $0.005514 per kilowatt-hour and for non-residential customers is $0.001154 per kilowatt-hour for distribution service and $0.000053 per kilowatt-hour for transmission service.

Duke Energy Kentucky seeks approval to revise these rates as follows: Duke Energy Kentucky's monthly DSM rate for residential gas customers would increase to $0.016297 per hundred cubic feet and for non-residential gas customers would remain at $0.000000 per hundred cubic feet. Duke Energy Kentucky's monthly DSM rate for residential electric customers would increase to $0.008337 per kilowatt-hour and for non-residential customers would decrease to ($0.000755) per kilowatt-hour for distribution service and would decrease to ($0.000167) per kilowatt-hour for transmission service.

The rate contained in this notice is the rate proposed by Duke Energy Kentucky. However, the Public Service Commission may order a rate to be charged that differs from this proposed rate. Such action may result in a rate for consumers other than the rate in this notice. The foregoing rates reflect a proposed increase in residential electric revenues of approximately $4.6 million or 2.08% over current residential electric revenues and decrease in non-residential revenues of approximately ($4.6) million or (1.59%) over current non-residential revenues. The proposed rates reflect an increase in residential gas revenues of approximately $0.1 million or 0.07% over current total gas revenues. There is no change to non-residential gas revenues.

A typical residential gas customer using 70 ccf in a month will see an increase of $0.13 or 0.1%. A typical residential electric customer using 1000 kWh in a month will see an increase of $2.78 or 2.0%. A typical non-residential electric customer using 40 kilowatts and 14,000 kWh will see a decrease of ($26.21) or (1.5%). A non-residential customer served at transmission voltage using 10,000 kilowatts and 4,000,000 kWh will see a decrease of ($1,423.68) or (0.4%). Non-residential gas customers will see no change in their bills from this application.

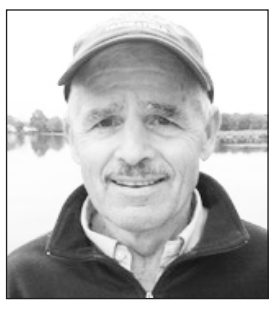
Any corporation, association, body politic or person may by motion within thirty (30) days after publication or mailing of notice of the proposed rate changes, submit a written request to intervene to the Public Service Commission, 211 Sower Boulevard, P.O. Box 615, Frankfort, Kentucky 40602, and shall set forth the grounds for the request including the status and interest of the party. If the Commission does not receive a written request for intervention within thirty (30) days of the initial publication or mailing of the notice, the Commission may take final action on the tariff filing. The intervention may be granted beyond the thirty (30) day period for good cause shown. Written comments regarding the proposed rate may be submitted to the Public Service Commission by mail or through the Public Service Commission's website. A copy of this application filed with the Public Service Commission is available for public inspection at Duke Energy Kentucky's office at 1262 Cox Road, Erlanger, Kentucky 41018 and on its website at http://www.duke-energy.com. This filing and any other related documents can be found on the Public Service Commission's website at http://psc.ky.gov and are available for inspection at 211 Sower Boulevard, Frankfort, Kentucky, Monday through Friday, 8:00 a.m. to 4:30 p.m.

Sky Watch . . .

During November

by Dennis Herrmann

Astronomer to the *Gallatin County News*



We return to Standard Time on November 1st at 2:00 a.m., which means that the Sun will appear to set approximately an hour earlier than it did on October 31st. The night sky will be revealed to skywatchers sooner, and the November sky offers much to see.

Saturn is already visible in the southeastern sky as darkness falls. The Full Moon will appear to pass through **Pleiades**' star cluster on November 24th, and **Jupiter** and **Mars** will be prominent in the early morning eastern sky.

Saturn will appear easy to spot well up in the southeastern sky; its beautiful rings revealed through small telescopes. The ringed planet will be visible all night on November 1st, but will be setting in the west around 2 a.m., by December 1st. An added treat, using binoculars trained on Saturn can reveal the dim, distant planet **Neptune**. Move the binoculars slowly to the right of Saturn and look for a parallelogram shape of 4 dim stars. Neptune may be seen as a bluish light just up and left of these four stars. On November 19th the waxing gibbous Moon will be just above Neptune.

Mars, on the morning of November 14th, will be seen as a bright but dimmer object just above much brighter Jupiter. Mars is brightening this month but still offers little detail through a telescope, but Jupiter, with its swirling, churning atmosphere of colored clouds, has much to offer through a telescope. Both Mars and Jupiter are among the stars of Leo the lion. Mars' orbit takes it close to **Regulus** by the 25th, and by the 30th the waning gibbous Moon joins it.

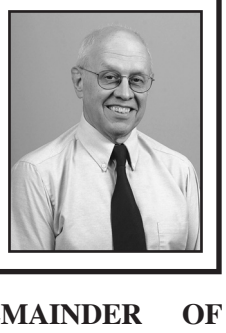
Venus also joins the early morning eastern sky this month. On November 7th look for the brilliant planet close to **Spica**, which is the brightest star in Virgo around 6 a.m. Local time. The thin waning crescent Moon may be seen nearby also.

The annual **Leonid Meteor Shower,** which averages 15 to 20 meteors per hour, peaks November 17/18. Look between 4 and 6 a.m. In the southeastern sky. November's **Full Moon** is on the 24th.

Planting by the Signs…

November Overview

by Phil Case



Just as it was in October – will be in December and on into the early months of 2027 - while planting in the unprotected outdoor garden is over for the year, there's still more going on that can benefit from following the phases of the moon and signs of the zodiac.

For instance: If you are planting anything in a green house, cold frame or low tunnel, then do that according to phases and signs for optimum results. If you are setting out trees, shrubs, or bushes, do it while the dark moon rules and preferably a fertile or VERY fertile sign. Be sure to provide plenty of water.

If you are planting grass seed – and many think fall is the best time for it – then do it when the moon is in the dark phase and ideally VERY fertile or fertile signs are in force. I like the dark phase of the moon for good root growth since we want the grass to take hold and stick around for some time. And, of course, water.

Upcoming dark moon days for the remainder of October into November are now through Nov. 8, then most of Nov. 24 until the new moon at 7:52 p.m. on Dec. 8.

According to the signs, the best days will be Oct. 30-31, Nov. 8, 26-27. Since we can't be too picky, any of the other dark moon days will do EXCEPT when the killing signs Aries/head and Leo/heart are ruling. Check the Quick Takes for that information.

Now, here are the Quick Takes for November. While they are listed by days, the signs don't change at the stroke of midnight since the zodiac pays no attention to either our calendars or clocks.

So, if you want to be precise with sign changes for your protected planting, you will need to check my Weekend Update each Friday on my Planting by the Signs Facebook page where I more narrowly define the week ahead. If you haven't and you are online, follow the instructions below and sign up.

Or just go with these days. They are pretty close!

QUICK TAKES

>REMAINDER OF TODAY and Oct. 29: Gemini/arms, bean/pea sign, dark moon, too late for either

>Oct. 30-31: VERY fertile, Cancer/breast, below-grounders

>Nov. 1-2: NO PLANTING, Leo/heart/killing sign

>NOV. 1: DAYLIGHT SAVING TIME ENDS, fall back one hour at 2 a.m.

>Nov. 3-7: Flowering, Virgo/bowels (3-5), Libra/reins (6-7) no veggies, fall flowers only

>Nov. 8-9: VERY fertile, Scorpio/secrets, above-grounders on Nov. 8, then below-grounders on Nov. 9

>**MOON CHANGE**: Nov. 9, dark to light, 2:02 a.m.

>Nov. 10-17: Fertile, Sagittarius/legs (10-12), Capricorn/knees (13-14), Aquarius/legs (15-17), all with light moon ruling for above-grounders

>Nov. 18-19: Pisces/feet, above-grounders

>Nov. 20-21: NO PLANTING, killing sign Aries/head

>Nov. 22-23: VERY fertile, Taurus/neck, above-grounders

>**MOON CHANGE**: Light to dark, Nov. 24, 9:53 a.m. for below-grounders until new moon (dark to light), Dec. 8, 7:52 p.m.

>Nov. 24-25: Gemini/arms, bean/pea sign, too late for either

>Nov. 26: Thanksgiving Day

>Nov. 26-27: VERY fertile, Cancer/breast, below-grounders

>Nov. 28: 30: NO PLANTING, killing sign Leo/heart rules

NOVEMBER OVERVIEW

MOON PHASES: November begins with the moon in the dark phase, which remains in force until the new/light moon at 2:02 a.m. on Nov. 9. The light moon grows to become the full/dark moon at 9:53 a.m. Nov. 24.

When the light moon is in force, plant above-ground producers and it's below-ground producers when the dark moon rules; all adhering to the "protected places" directive.

THE SIGNS: Check to see if the moon is in the light or dark phase (information here and on most any calendar) before planting anywhere, or other moon-related activities.

KILLING DAYS: Leo/heart, Nov. 1-2, 28-30; Aries/head, Nov. 20-21. No planting anywhere on Leo or Aries days. There are seven days ruled by the killing signs in November. Use these days clean out fence rows, irradicate weeds, clean up your "spent" garden – anything but seeding or transplanting anywhere!

FLOWERING DAYS: Virgo/bowels, Nov. 3-5; Libra/reins, Nov. 6-7. Flowers only, no veggies since these are bloom days. There are five days in November ruled by the flowering signs. If you are planting flowers, be sure they are frost and freeze resistant.

VERY FERTILE DAYS: Scorpio/secrets, Nov. 8-9, below-grounders on Nov. 8, above on Nov 9; Pisces/feet, Nov. 18-19, above-grounders; Taurus/neck, Nov. 22-23, above-grounders; Cancer/breast, Nov. 26-27, below-grounders. There are eight days in November ruled by the VERY fertile signs.

FERTILE DAYS: Sagittarius/thighs, Nov. 10-12; Capricorn/knees, Nov. 13-14; Aquarius/legs, Nov. 15-17. There are eight days in November ruled by these three signs, all with the light moon ruling for above-grounders.

PEA/BEAN DAYS: Gemini/arms days, Nov. 24-25. The moon is in the dark phase for all, but as I've said often here, it's too late for peas or beans.

MAKINGCHANGES: Again, this month there are no perfect days for making changes when the moon is in the dark phase and the signs are moving out of the body beyond anything that functions. And there aren't any in December. The good news is the worm will begin to turn in January!

POURING GRAVEL: If you have gravel to pour on a drive or road on your farm, do that while the light moon rules, which is Nov. 9-23.

Don't pour or spread with the moon in the dark phase. You don't want that gravel or those stones on a path sinking in the dark phase.

You may email me at pcase211@gmail.com; call or text 502-682-5995. Visit Facebook, like and follow my page devoted to this information. It's @plantingbysigns.
