•BAZZELL Continued from page B2
"I want to see the kids continue to build on their technical skills as players, continue to learn and appreciate the game of soccer, and to have fun," Morgan explained. "So I judge the team on how much progress they are making as players and as a cohesive team over the final score of our matches. I want to see the players moving the ball up the field, passing to another, and standing up and stopping attackers when we are defending our goal. Win or lose, if the player is growing, developing, and having fun, this will be our barometer for success."
Morgan points out that "competition will be tough again this year as we will be playing many of the same teams we played last year such as Barren County, Glasgow, Franklin-Simpson and FCA (Foundation Christian Academy)."
The coach is also appreciative of the investment being made at the middle school program level.
"We are very thankful to the Board of Education and the leadership of Bazzell Middle school for continuing to invest in soccer for our kids in Allen County and providing them the opportunity to play soccer," Morgan said. "The kids are really excited about having new soccer jerseys this year. We are also thankful for SKY Soccer and their contribution to our middle school soccer program and their investment in offering recreational soccer to the youth in Allen County. This will help improve the technical skills of our players in the future and make us more competitive with the area teams."
The middle school soccer teams play their home matches at the soccer field at the Allen County Primary Center.
