what authorities described as

a local distribution ring. According to Sheriff Willie Skeens, the operation was the result of a monthslong investigation into methamphetamine sales and distribution in the area. Officers targeted what they identified as both the street-level dealers and the central supplier involved in the trafficking network. Law enforcement efforts culminated in a coordinated set of arrests and seizures conducted over the course of a single day.

The individual identified

Mchone, 54, of Lancaster, KY. According to the official citation, deputies executed a search warrant at Mchone's residence at 3715 Fall Lick Road and discovered approximately 30 grams of crystal-like methamphetamine, several digital scales, and a large quantity of small baggies commonly used in drug distribution. Authorities also found three rifles and one handgun. Mchone, a convicted felon, was charged with first-degree trafficking in a controlled substance and possession of a handgun by a convicted felon. Three other individuals

same trafficking operation: Pamela Sue Sullivan, 61, of Stanford, was stopped in her vehicle on Hamilton Avenue in Lancaster. Deputies, acting on a tip received during their investigation, discovered multiple small baggies containing white powdery residue consistent with methamphetamine. Sullivan was also found in possession of a firearm with its serial number defaced. She faces charges of first-degree trafficking in a controlled substance and possession of

a defaced firearm. Miranda Wiseman, 32, of Lancaster, was arrested after a search warrant was execut-

ed at a residence on Hamilton Avenue. Deputies located drug paraphernalia, scales, and baggies containing suspected methamphetamine in a bedroom tied to Wiseman. She later produced three additional baggies containing crystal-like and unknown yellow substances hidden in her bra. Wiseman was also wanted on an active warrant and now faces charges of second-offense trafficking in a controlled substance and possession of drug parapher-

Carey Henry, 51, of Danville, was arrested on Stanford Street in Lancaster on an indictment warrant related to a previous methamphetamine trafficking charge. The warrant stems from a Garrard County court case in which Henry was charged with first-degree trafficking of more than two grams of methamphetamine.

Sheriff Skeens explained that intelligence gathered during the investigation indicated that Mchone was the primary source of supply, with the other three individuals acting as lower-level distributors within the community. He noted that community tips and surveillance played a crucial role in identifying the suspects and gathering sufficient evidence for

search warrants and arrests. "This was a small methamphetamine trafficking group operating right here in town," said Skeens. "We were able to identify the source and those distributing for him and take them all down in one day."

All four suspects are currently held in custody, and none of the charges are listed as payable or bondable at this time.

Court dates have been set in Garrard County District Court throughout July and August.

## **Machete**

Upon arrival, deputies reviewed video footage provided by a neighbor. The video allegedly showed Gesme standing at the end of the driveway, screaming and yelling at individuals who appeared to be attempting to leave the residence. The report states that Gesme then threw a machete at their vehicle, causing a dent above the back passenger door. It was noted in the citation that an infant was seated in a car seat on the same side of the vehicle where the machete

After the alleged incident, law enforcement attempted to make contact with Gesme at a nearby residence, 1777 Calico Road, but received no response. With the assistance of another deputy and information provided by a neighbor, authorities were able to contact Gesme's father and confirm she was

inside the house. Deputies then entered the residence and placed her under arrest.

Gesme faces four charges stemming from the incident: Wanton Endangerment, 2nd Degree (KRS 508.070); Terroristic Threatening, 3rd Degree (KRS 508.080); Criminal Mischief, 2nd Degree (KRS 512.030); and Disorderly Conduct, 2nd Degree (KRS 525.060).

Due to the nature of the charges, the citation marked the case as "not prepayable," indicating that Gesme must appear in court to respond to the allegations. The incident report noted that drugs, alcohol, or other impairments were not suspected in the case.

The Garrard County Sheriff's Department has not released additional details regarding the status of the investigation or future court dates. It remains unclear whether Gesme has retained legal counsel at this time.

humorously suggesting to the kids that if any of them developed superpowers, they would owe it to him. The incident occurred

around 2 p.m., and the location was pinpointed near Shell Greenhouses on Route 52. The sheriff noted that he had never encountered anything similar in his career emphasizing the unusual nature of the event. The car was ultimately deemed beyond repair due to the extensive electrical damage caused by the lightning

This remarkable event has undoubtedly provided the family with a story they will likely recount for years to come. Sheriff Skeens, reflecting on the incident, acknowledged the rarity of such an occurrence and expressed relief that it ended without injuries to the family members.

route to another call when he noticed a family— a man, a woman, and four young children— standing in the grass away from their vehicle. Initially believing that their car had simply broken down or someone was sick, he approached them to offer assistance. However, the woman quickly informed him, "Honey, you ain't going to believe this. We just got struck by lightning."

The lightning strike hit the back of their car while it was in motion, severely damaging the vehicle and rendering its electronics completely non-functional. Skeens described how the strike blew off much of the car's back trim and plastic coverings around the windows, causing the car to come to a complete stop. Despite the substantial damage to the vehicle, all family members were physically unharmed.

Emergency Medical Services (EMS) were promptly called to the scene
