### A few more fair views

**Betsy Smith** 

Face-melting heat plagued much of the Grant County Fair. The audience at the Baby and Toddler Show on July 26 stuck it out and cheered on the little ones despite a heat index that topped 100 degrees.

Deborah Lucas Angel

Members of the Fair Board Shawn Littleton, left, and Ginger Jansen worked the kitchen on Wednesday at the 2025 Grant County Fair. Littleton, who handles maintenance, said that included cheerleading and kitchen. He said the fair parking was handled by the Grant County soccer team and the front gate was manned by parents and members of the girls basketball team.

UAW Trustee Ben Webster presented congratulates the winners of the annual UAW Local 3064 Corn Hole competition Thursday at the 2025 Grant County Fair were, from left Cody Hensley, Webster and Dakota Willoughby.

#### **NOTICE**

Please take notice that, no sooner than August 15, Duke Energy Kentucky, Inc. will apply to the Kentucky Public Service Commission for approval to revise its Demand Side Management (DSM) rate, KYPSC No. 2, Sheet No. 78 for electric service for residential and commercial customers, proposed to become effective on and after September 15, 2025. Duke Energy Kentucky's current monthly DSM rate for residential electric customers is \$0.002418 per kilowatt-hour and for non-residential customers is \$0.003409 per kilowatt-hour for distribution service and \$0.000674 per kilowatt-hour for transmission service.

Duke Energy Kentucky seeks approval to revise these rates as follows: Duke Energy Kentucky's monthly DSM rate for residential electric customers would decrease to \$0.001641 per kilowatt-hour and for non-residential customers would decrease to \$0.003000 per kilowatt-hour for distribution service and would remain at \$0.000674 per kilowatt-hour for transmission service.

The rate contained in this notice is the rate proposed by Duke Energy Kentucky. However, the Public Service Commission may order a rate to be charged that differs from this proposed rate. Such action may result in a rate for consumers other than the rate in this notice. The foregoing rates reflect a proposed decrease in electric revenues of approximately \$2.10 million or (0.44%) over current total electric revenues.

A typical residential electric customer using 1000 kWh in a month will see a decrease of \$0.82 or (0.5%). A typical non-residential electric customer using 40 kilowatts and 14,000 kWh will see a decrease of \$6.21 or (0.3%). Non-residential customers served at transmission voltage will see no change.

Any corporation, association, body politic or person may by motion within thirty (30) days after publication or mailing of notice of the proposed rate changes, submit a written request to intervene to the Public Service Commission, 211 Sower Boulevard, P.O. Box 615, Frankfort, Kentucky 40602, and shall set forth the grounds for the request including the status and interest of the party. The intervention may be granted beyond the thirty (30) day period for good cause shown. If the Commission does not receive a written request for intervention within thirty (30) days of the initial publication of the notice, the Commission may take final action on the tariff filing. Written comments regarding the proposed rate may be submitted to the Public Service Commission by mail or through the Public Service Commission's website. A copy of this application filed with the Public Service Commission is available for public inspection at Duke Energy Kentucky's office at 1262 Cox Road, Erlanger, Kentucky 41018 and on its website at <a href="http://www.duke-energy.com">http://www.duke-energy.com</a>. This filing and any other related documents can be found on the Public Service Commission's website at http://psc.ky.gov.
