the church with their shoes.” Wendy also notes many people are involved in this project. The local school family resource centers and apartment managers assist in getting the word out. Donations from church members and others allow the purchase of shoes. Representatives from Gideons International attend the event to provide Bibles to the children. And of course, church members assist before, during and after the event.

Planning for next year’s event is already underway. The church welcomes support from the community. Individuals who wish to make a donation, or faith and other community partners wishing to join the effort, are welcome to contact the church at www.dryridgechristian-church.com or 859-823-1303.

PARK

FROM PAGE B1

Little ones can point to the images to make sentences and communicate with playmates, parents or caregivers, helping them to make friends and giving them a voice. The new playground has created a lot of excitement. “I posted it on Facebook and people are sharing it and setting up play dates!” Alstott enthused. Indeed, the post has generated a lot of buzz, including comments by a few out-of-county folks planning to visit the park (and Whippy Dip!). The toddler playground is located at the front of the park near the

main playground to make it easier for families with both little ones and older children to keep a close eye on everyone. Parents and caregivers are asked to restrict the use of the toddler playground to children four years old and younger. Grant County Park is located at 144 South Main Street, Crittenden.
