LEGALS

LEGALS

Request for Statement of Qualifications

LEGALS

LEGALS

LEGALS

To All Interested Architectural Firms:

Paintsville Utilities Commission (PUC) will accept qualifications from consulting architectural firms for planning, design, construction, and other required architectural services relating to the construction of an addition to its main office building located at 137 Main Street in Paintsville, Kentucky 41240. Improvements will be extensive and will cover building, grounds, and parking that incorporates a recently acquired adjoining tract of property.

Firms wishing to be considered must email one electronic copy of their statement of qualifications not exceeding fifteen (15) pages, which include the cover, any letters of introduction, and the response material to bpack@paintsvilleutilities. com. If the statement of qualifications is too large to attach as an email, please use Dropbox.com to share the statement with bpack@paintsvilleutilities.com. An electronic receipt will be sent upon receiving the proposal. Proposals must be received by **4:00 p.m., EST, on Tuesday, September 2, 2025** to be considered.

Statements should include a description of the firm's capabilities and experience in the field of building design and construction, resumes of individuals assigned to this specific project, a listing of similar projects, along with reference information and the ability to provide responsive service to the client. Firms responding to this request will be ranked according to the information submitted. Responses should address, in order, the following subject matter:

- Firm's Depth of Knowledge in the Profession of Architecture;
- Multi-Discipline Capability;
- Performance Record of Specific Architect Assigned to Project;
- Scope of Firm's Past Client List;
- Demonstrated Ability to Provide Responsive Service to the Client.

competitive negotiations. The Paintsville Utilities Commission will enter into negotiations with the highest ranked firm to execute a service agreement. If the parties are unable to negotiate a satisfactory agreement, the second ranked firm will be contacted. Once a firm has been selected, all unsuccessful firms will be notified.

Fees for services will not be considered as criterion for initial selection. Final selection of architect will be based on

Source of funding may include, but not be limited to, state, federal and/or local funds. The formal solicitation of consulting architectural firms is being conducted to fulfill the requirements of the Kentucky Model Procurement Code.

The Paintsville Utilities Commission reserves the right to reject any and all responses, to waive any technicalities and to negotiate with respondent who most nearly meets the project requirements. The Paintsville Utilities Commission is not responsible or liable for any costs incurred by consultants replying to this request.

> **Paintsville Utilities Commission Selection Process for Engineers** 2025

Explanation of Criteria

The following is an explanation of each criterion Paintsville Utilities will use in evaluating engineering candidates Please prepare your RFQ response to address these criteria in order. Please be sure your RFQ packet does not exceed 15 pages, which include the cover, any letters of introduction and the response material. PLEASE NOTE: It is very important for Paintsville Utilities to understand the credentials of the proposed day-to-day engineer, not just those of senior staff assigned to oversee the project.

If you have process questions, you are welcome to email them to: bpack@paintsvilleutilities.com.

 Firm's overall depth of knowledge in engineering, specifically as it relates to the construction of an expansion of an existing building, including redesign of building systems, ADA requirements and hard and soft scape around the building:

This criterion requests information regarding the scope and depth of the firm's knowledge in all aspects of engineering. especially as it relates to engineering/designing building expansion projects.

• Firm's multi-discipline capabilities:

This criterion requests general information regarding the firm' expertise in civil engineering, mechanical, electrical, structural and other related engineering disciplines that can best serve Paintsville Utilities.

• Depth of knowledge and experience of specific engineer assigned to project:

This criterion is specific to the day-to-day engineer who will be assigned to this project. Information is requested regarding the day-to-day engineer's depth of knowledge regarding building expansion projects.

No lengthy narrative is required. This criterion can best be addressed by listing other projects the proposed engineer has been the lead engineer on regarding building expansion projects and the specific scope of work of these projects.

Scope of firm and specific engineer's past client list:

Please list all past and current municipal clients along with reference and contact information for each and number of years of service to each community. Please call our attention to communities to which the proposed specific day-to-day engineer has provided design services.

• Firm's demonstrated ability to provide responsive service to the city:

This criterion offers firms the opportunity to tell Paintsville Utilities how well they will serve the Utilities. For example, the firm may explain how close in proximity they are to Paintsville or how they have a policy of meeting with utility officials on short notice. The key is to provide examples of responsiveness and how this can best serve the Utilities.
