

Mount Washington's 6th grade champions

Mt. Washington wins 6th grade crown

MIKE FARNER

SHEPHERDSVILLE – The game was tied after three quarters before the Mount Washington Lady Generals started the fourth quarter with a 12-2 surge that lifted them to a 32-26 victory over the Hebron Lady Panthers in the championship game of the 6th-grade Bullitt County Middle School Girls' Basketball Tournament.

The late surge was led by Alex Petrowski who scored ten of her game-high 21 points in the final period to key the victory. Petrowski would return to the floor for the 8th-grade final where she started alongside her sister, Charley.

The final was played at Bullitt Lick Middle School with Mount Washington as the number one seed.

This year's middle school event was once again sponsored by Schmid Funeral Home along with the Awards Center, The Pioneer News and the Sweat and Griffee Law Office.

Not a lot separated these two teams as the game was tied after each of the first three quarters. It was 4-4 after one quarter, 13-13 at halftime and then 20-20 after three quarters. That was when Petrowski took over. She scored the first six points of the frame before Hebron countered with a basket. Petrowski then added another basket and finally two free throws to cap her evening. Mount Washington added a basket by Ayla Tappa before Hebron scored the final four points in the final minute to account for the final score.
