LEGALS

NOTICE OF BLASTING SCHEDULE PERMIT NO 898-0882

In accordance with the provisions of 405 KAR 16:120, Kentucky Fuel Corporation, (being reclaimed by Lexon Insurance Company) 302 South Jefferson Street, Roanoke, Virginia 24011 proposes the following blasting schedule:
The blasting site is located approximately 1.20 miles northeast from Meta, Kentucky in Pike County. The operation is located approximately 0.50 miles northwest from KY Route 881s junction with Old US 119 and located approximately 0.10 miles south

of Wolf Branch. Detonations of explosives are proposed to occur from sunrise to sunset. Blasting will be conducted from Friday, July 10, 2026 to Friday, July 09, 2027. Entry to the blasting area will be regulated by authorized personnel or barriers. Before each blast is detonated, audible warnings from a siren will be given. These signals will be audible within one-half (½) mile of the blast area. Five (5) minutes prior to detonation, all public roads leading to or located within 1000 feet of the blast areas will be closed by company personnel and will remain closed until the all clear signal is given. The audible warning procedure is as follows:
WARNING SIGNAL Five (5) minutes before a detonation, a one (1) minute series of long blasts of a siren will be given.
BLAST SIGNAL - A series of short blasts of a siren one (1) minute prior to the detonation.

ALL CLEAR SIGNAL - A prolonged blast of a siren following the inspection of the blast area. Unauthorized personnel will not be allowed in the blast area until it is thoroughly checked. Events which could lead

to blasting at times other than scheduled include but are not limited to rain, lightning, or other atmospheric conditions. If these events occur that require blasting at times other than the normally scheduled blasting hours, the audible signals described above will be used to warn the public of the blasting activity. Traffic will be controlled through the blasting area during times of blasting. Company personnel will use flagman at the entrance of the blasting zone to control traffic. The above blasting schedule will be published at least 10 days but not more than 30 days prior to the beginning of blasting on the permit areas. The schedule will be published in the Appalachian News Express. The blasting schedule will be re-published every twelve (12) months in the Appalachian News Express, as long as blasting on the site is required.
