Not seen or read one lately? That's too bad. More than that, it could cost you money.

- Newspapers will tell you where YOUR tax dollars are being spent.
- Newspapers will bring you special deals and services from local businesses.
- Newspapers will tell you when something might be coming to your neighborhood. But if you don't see the notice and attend the public hearings, it might be too late to stop that business or subdivision that you don't want.
- Newspapers will tell you what is happening in your schools. And even if you don't have children in the system, you get to see where your tax dollars are going.
- Newspapers will alert you of special events. If you're NOT connected on a special social media site, you might miss these events.
- Newspapers run legal notices every issue. Many could affect your life.
- Newspapers let you see what other people and organizations are doing. Social media allows you to interact within your silo; but you can't get the whole picture on what makes Bullitt County special.
