

Blood Drive on May 13 at Lawrenceburg First Baptist Church

LEXINGTON – Kentucky donors save Kentucky lives, but Kentucky Blood Center needs more donors to continue the lifesaving mission. Donors in this community can join the fight at this upcoming blood drive. Whole blood donations only take about 45 minutes to an hour from registration to refreshment and can save up to three local lives. The collection process only takes approximately 10 minutes. Those who give blood at this upcoming drive will receive a blue “Kentucky Donor” T-shirt (while supplies last) as a thank you for their gift of life. Anderson County Community

Tuesday, May 13 from 12:30–5:30 p.m. Lawrenceburg First Baptist Church Fireside Room 111 N Main St Lawrenceburg, KY 40342 Donations at KBC directly benefit local lives at more than 70 Kentucky hospitals. Blood donors must be at least 17 years old (16 with parental consent), weigh at least 110 pounds, be in general

good health, show a photo I.D. and meet additional requirements. Sixteen-year-old donors must have a signed parental permission slip, which can be found at kybloodcenter.org. Appointments are preferred but walk-ins are welcome. To schedule a donation, visit kybloodcenter.org or call 800.775.2522. About Kentucky Blood Center

KBC, the largest independent, full-service, nonprofit blood center in Kentucky, has been saving local lives since 1968. Licensed by the FDA, KBC’s sole purpose is to collect, process and distribute blood for patients in Kentucky. KBC provides services in 90 Kentucky counties and has donor centers in Lexington, Louisville, Frankfort, Pikeville, Somerset and the Tri-County area (Corbin).

Relay team breaks school record

LEXINGTON – It was a record that had stood for over 25 years. On Friday, the Anderson County girls’ 4X100 meter relay team broke a record that had stood since 1999. Eriko Ishikawa, AnnaLee McEwen, Ella Lowe Kaelyn Peach set a new school record in the Lexington Christian Academy Eagle Classic Invitational. The team’s time of 53:14 broke the previous record. The 1999 school record was 53:82.

SECOND

FROM PAGE A3 prevent this. Senior author Dr. Nathan Lo, assistant professor of infectious diseases at Stanford Medicine, encouraged parents who aren’t sure about vaccination to discuss this with their health care provider. “With measles, we’re right on the cusp. Increasing vaccination levels by just 5% brings the number of measles cases down, safely away from returning to endemic levels,” Lo said in a news release. “These are the kinds of small percentages that can really be a tipping point. It’s empowering that a small segment of the population can make a difference here.” State’s kindergarten vaccine rates drop The most recent assessment of Kentucky kindergarten vaccines for the 2024-2025 school year, released Thursday, April 24, shows immunization coverage for all vaccines has dropped to the lowest rates in more than seven years for Kentucky kindergarteners, including the measles vaccine. “Coverage among kindergartners for the measles, mumps and rubella (MMR) vaccine, which is effective at preventing diseases, including measles, and is legally required for school attendance in Kentucky, has dropped to 86.9%, which is lower than the national average of 93%. By comparison, MMR rates for Kentucky kindergartners were at 90% for the 2023-2024 school year,” according to the release. This decline in MMR vaccine coverage is occurring during the largest outbreak of measles in the U.S. since measles was declared eliminated in the country in 2000, according to the release.

LEGAL NOTICE

ATTENTION PROPERTY OWNERS
*****INSPECTION PERIOD*****
FOR THE 2025 PROPERTY TAX ASSESSMENT ROLL

The Anderson County real property tax roll will be open for inspection from **May 5** through **May 19, 2025**. Under the supervision of the property valuation administrator or one of the deputies, any person may inspect the tax roll.

This is the January 1st, 2025, assessment on which state, county, library, health, fire, extension, and school taxes for 2025 will be due in the Fall of 2025. The PVA office does not set tax rates. Kentucky law requires that property be assessed equally and uniformly that each parcel of property be inspected for re-assessment at least once every four years, and that the assessment reflect the price the property would bring in a voluntary sale between a willing buyer and willing seller, given a reasonable amount of time on the market. Assessment notices will be sent to property owners by May 6th **ONLY** if the assessed value has increased.

The tax roll is in the office of the property valuation administrator located at 101 Ollie Bowen Court (beside the Courthouse) and may be inspected between the hours of 8:30am and 4:30pm Monday-Friday and 8:30am-12noon on Saturdays (by appointment).

Any taxpayer desiring to appeal an assessment on real property made by the PVA, must first request a conference with the PVA or a designated deputy. The conference may be held prior to or during the inspection period.

Any taxpayer still aggrieved by an assessment on real property, after the conference with the PVA or designated deputy, may appeal to the county board of assessment appeals.

Your appeal must be filed with the county clerk's office no later than one working day following the conclusion of the inspection period which is **May 20th**. Please contact the county clerk's office to receive instructions on the method that their office is using to accept appeals this year and to obtain a form that can be used to file your appeal.

A taxpayer failing to appeal to the county board of assessment appeals, or failing to appear before the board, either in person or by designated representative, will not be eligible to appeal directly to the Kentucky Claims Commission.

Sincerely,
Brian Stivers

NOTICE TO CUSTOMERS OF KENTUCKY UTILITIES COMPANY

RECOVERY BY ENVIRONMENTAL SURCHARGE OF KENTUCKY UTILITIES COMPANY’S 2025 ENVIRONMENTAL COMPLIANCE PLAN

PLEASE TAKE NOTICE that in an April 30, 2025 Application, Kentucky Utilities Company (“KU”) is seeking approval by the Kentucky Public Service Commission (“Commission”) in Case No. 2025-00105, pursuant to Kentucky Revised Statute 278.183, of an amended compliance plan (“2025 Plan”). (Collectively, KU’s Application and supporting testimony and exhibits are KU’s “tariff filing.”) If approved, KU will begin recovering capital costs associated with a new pollution control facility in the 2025 Plan under KU’s existing Electric Rate Schedule ECR (also known as the Environmental Surcharge tariff) through an increase in the environmental surcharge on customers’ bills beginning in December 2025.

KU filed an application with the Commission on February 28, 2025, in Case No. 2025-00045 seeking approval to construct a selective catalytic reduction system at the Ghent generating station to reduce nitrogen oxide (NOx) emissions, which are a precursor to ozone. In Case No. 2025-00105, KU is seeking an order approving the 2025 Plan to recover the costs of this new pollution control facility through its Environmental Surcharge tariff. This project will help ensure ongoing compliance with regulations issued under the federal Clean Air Act as amended, including the National Ambient Air Quality Standards for ozone.

The estimated total capital cost of this new pollution control facility is \$152.3 million. Additionally, KU is requesting recovery of future incremental capital and operation and maintenance expenses associated with this new pollution control facility. KU is also asking to recover the cost of publishing this customer notice through the Environmental Surcharge over 12 months and to have Environmental Surcharge recovery of future Commission-approved administrative expenses, including customer notice costs.

Beginning in December 2025, the initial bill impact for KU’s Group 1 customers is estimated to be a 0.01% increase with a maximum increase of 0.81% in 2029. Group 1 includes Rate Schedules Residential Service (RS), Residential Time-of-Day Energy Service (RTODE), Residential Time-of-Day Demand Service (RTODD), Volunteer Fire Department Service (VFD), All Electric School (AES), and all Lighting Rates (i.e., LS, RLS, LE, and TE).

RS and VFD customers using 1,085 kWh/month could expect a monthly increase of \$0.01 up to \$1.09. RTODE customers using 1,043 kWh/month could expect a monthly increase of \$0.01 up to \$1.14. RTODD customers using 987 kWh/month could expect a monthly increase of \$0.02 up to \$1.80. AES customers using 25,620 kWh/month could expect a monthly increase of \$0.30 up to \$24.28. LS and RLS customers could expect a monthly increase of \$0.00 up to \$0.12. LE customers using 2,473 kWh/month could expect a monthly increase of \$0.02 up to \$1.59. TE customers using 147 kWh/month could expect a monthly increase of \$0.00 up to \$0.15.

Beginning in December 2025, the initial bill impact for KU’s Group 2 customers is estimated to be a 0.01% increase with a maximum increase of 1.10% in 2029. Group 2 includes Rate Schedules General Service (GS), General Time-of-Day Energy Service (GTODE), General Time-of-Day Demand Service (GTODD), Power Service (PS), Time-of-Day Secondary Service (TODS), Time-of-Day Primary Service (TODP), Retail Transmission Service (RTS), Fluctuating Load Service (FLS), and Outdoor Sports Lighting Service (OSL).

GS customers using 1,657 kWh/month could expect a monthly increase of \$0.03 up to \$2.41. GTODD customers using 19,652 kWh/month could expect a monthly increase of \$0.31 up to \$25.26. PS-Secondary customers using 30,434 kWh/month could expect a monthly increase of \$0.39 up to \$32.35. PS-Primary customers using 35,028 kWh/month could expect a monthly increase of \$0.45 up to \$36.82. TODS customers using 189,538 kWh/month could expect a monthly increase of \$1.54 up to \$126.82. TODP customers using 1,242,574 kWh/month could expect a monthly increase of \$8.25 up to \$678.42. RTS customers using 7,387,224 kWh/month could expect a monthly increase of \$38.91 up to \$3,199.31. FLS-Transmission customers using 44,229,667 kWh/month could expect a monthly increase of \$237.46 up to \$19,525.53. OSL-Secondary customers using 4,627 kWh/month could expect a monthly increase of \$0.17 up to \$13.87.

The Application described in this Notice is proposed by KU, but the Commission may issue an order resulting in an environmental surcharge for customers other than the environmental surcharge described in this Notice.

Comments regarding KU’s 2025 Plan and Application may be submitted to the Commission through its website or by mail to the Public Service Commission, Post Office Box 615, Frankfort, Kentucky 40602.

Any person may submit a timely written request for intervention to the Public Service Commission, Post Office Box 615, Frankfort, Kentucky 40602, establishing the grounds for the request including the status and interest of the party. If the Commission does not receive a written request for intervention within thirty (30) days of the initial publication of this Notice, the Commission may take final action on the Application.

Any person may examine KU’s tariff filing at the Commission’s offices located at 211 Sower Boulevard, Frankfort, Kentucky, Monday through Friday, 8:00 a.m. to 4:30 p.m., or through the Commission’s website at <http://psc.ky.gov> or KU’s website (<http://www.lge-ku.com>) after KU makes its tariff filing on April 30, 2025. KU has requested a deviation from the requirement to make the tariff filing available at its office at One Quality Street, Lexington, Kentucky 40507. If the Commission denies that request, KU will make the tariff filing available at its office upon request by any person.
