will not be able to take part in the primary election next August for U.S. Senator and Congressman, according to a recent ruling of State Attorney General Daugherty.

CITY COUNCIL MEETING

The Board of Council met in regular session Monday, September 28, 1925, with all members present, Mayor Norfleet presiding, paying routine bills and granting permissions to Lucy Dutton to make general repairs to a dwelling on North Central Avenue recently damaged by fire; to Schuyler Hail to erect a frame garage on Denham Street; to Colored Baptist Church to erect coal storage on South Maple Street, and to G.T. Gooch, Jr., to rebuild a stable on Jarvis Avenue. City Attorney Hays was instructed to enter necessary legal proceedings for condemnation of ground to connect North Central Avenue with East Oak Street. City Clerk was instructed to re-advertise for bids for construction of concrete curbing-guttering and sidewalk on North Maple Street. An order was entered that the regular sessions would be held at 7:00 p.m. until further ordered, consequently the next session will be at that hour on date of October 12, 1925.

DAVIS ARRESTED

D.A. Davis, a watchman at the Ferguson shops, was arrested on the charge of obtaining money under false pretenses and was released under bond of \$1,000 for his appearance in County Court Saturday. Davis was arrested upon the complaint of Jeff Palmer, colored, of Chattanooga, who states that Davis told him he would have him arrested for carrying concealed weapons unless he put up a cash bond of \$85. Palmer has been laying rails for the Southern Railway.

RADIO FANS BUSY

With the arrival of cooler weather many local radio fans have gotten out their sets and are tuning in nightly with the outside world. National radio dealers expect the sales this year to more than double that of last year when a new record was made.

THE MARRYIN' JUDGE

County Judge R.C. Tartar has acquired the title of "The Marryin' Judge" because of the many marriage ceremonies that he performs. His average for the past year has been better than three a week. On last Friday he pronounced the rites for four couples. The judge is never too busy to stop and officiate at a wedding.

Last year, at the end of June, there was one car in Kentucky for every 11.9 persons. At the end of June this year there was one for every 10.3 persons, as shown by the latest official enumeration of population.

NATIONAL NEWS:

-America has been branded the most careless nation in the world, in regard to accidents, by delegates gathering from over the world to the fourteenth annual Safety Congress. ... It is pointed out that the accidental death rate for the United States is 76.3 fatalities for 100,000 population as against a rate of 33.6 for England and Wales. The safest country in the world seems to be Denmark, where the rate is 20 accidental deaths for each 100,000 population.

-Hollywood is to have a \$2,500,000 club for film folk exclusively. Plans for the new club, which will unite all the leaders of the motion-picture industry, and at which actors and directors will mingle with authors and producers, were revealed with the announcement of the purchase for \$1,000,000 of the famous twelve-acre Bernheimer estate in Hollywood as a site for the club. Another \$1,500,000 will be spent in improvements and developments.

EDITORIALS:

-Residents of North Main Street are much interested in seeing that permanent street improvements be made in their section. They point out that their street is the principal thoroughfare of the city, that it is the gateway to northern tourists, that it is the street that leads out to the Somerset Country Club, which is growing in popularity; that travel on North Main Street is always heavy, and that horses are unable to stand up on the street now. Their argument is sound and if the city has the means to pay its fare of the improvement the work should be ordered. Main Street should be paved from the top of Harvey's Hill to the station.

-One of the best officials of Pulaski county is County Clerk C.M. Langdon. He is conscientious, honest, courteous and painstaking in his work and the State examiners have never failed to approve of the manner in which he conducts his office. Pulaski county is fortunate in having a man of his caliber as county clerk and he deserves the votes of both Republicans and Democrats in the November election.

A TRIBUTE:

For the past twenty-five years I have seen and studied all the best moving pictures, many of which have made lasting impressions on my memory, but none has thrilled me more than "The Ten Commandments," which I saw in Cincinnati and which comes to the Virginia next Wednesday and Thursday. 'Tis a picture you will never forget and will give you a new insight to the sacred writings of Holy Writ, Moses the

Law Giver and the crossing of the Red Sea by the Israelites pursued by the Egyptians. No written description can begin to portray the grandeur and immensity of this historical moving panorama. Theodore Roberts in the character of Moses rises to sublime heights. The people of Somerset should support Manager Jasper in the enterprise he has shown in securing this wonderful picture by giving him packed houses. -Col. Thos. M. Thatcher.

HEALTH NEWS:

Take notice! Whereas, reports show that Typhoid Fever is becoming prevalent in this community, and that there are indications of its further spread, thereby endangering the lives of many people, the State Board of Health by virtue of its authority ... urges that the people of all ages report to their family physician immediately and be vaccinated against this dread disease. Every physician in the community is prepared to vaccinate any who will call upon him. It is further urged that every householder immediately see to the cleaning-up of his premises, getting rid of filth, manure and other breeding places for flies, making all privies fly-proof and sanitary, and protecting all cisterns, wells and springs from the danger of any surface drainage. All homes should be screened against flies, which are constant carriers of filth. It is further urged that all water which has not been tested and pronounced pure and safe by Health Department test be boiled before drinking or used for domestic purposes.

LOCAL POLITICS:

-With November 3rd, election day, nearing, candidates for city offices are beginning to get busy. ... In the race for Police Judge George Elliott and Boyd Morrow have announced. ... Two have announced for City Attorney, W.O. Hays and Gladstone Wesley. Only two Councilmen have entered the campaign to date, Virgil Bobbitt in the Third Ward and John Fish in the First Ward.

-Councilman Chester Green will be a candidate for mayor in the city of Somerset. It is understood that he will make his formal announcement within the next few days. -"To the Voters of Pulaski County: I am a candidate for the office of Jailer of Pulaski county. For the information of those who do not know me I will state that I was born and reared on a small farm located on the bluffs of Buck Creek. At an early age I joined the Buck Creek Baptist Church, where I still have my membership. When the call came for men to help Uncle Sam win the World War, I volunteered my

services and did my bit during that struggle. After the war was over I returned to Somerset and engaged in the grocery business, clerked for others, ran a taxi and for the past three years have been a member of the police force of Somerset. At the earnest solicitation of my friends, both Democrats and Republicans, I announced as a candidate for Jailer. I promise you if elected I will make you an honest and efficient county official. I will keep a clean jail, give the prisoners good food and treat them justly. I will see to it that none make their escape and that men and women prisoners are kept separate at all times. I will also keep the court house in a clean, sanitary condition and discharge all the duties of my office in a manner that will be pleasing to the people of the county. Pulaski county never had a better Jailer than Mose Singleton and I propose if elected to give you the same kind of service he did. ..." — Very truly yours, George Meece

-The entrance of Mr. N.K. Hatter in the field for Chief of Police of Somerset leaves the race up to three men. The other candidates are the present chief of police, Silas West, and Mr. J. Frank Hines.

-"To the Voters of Pulaski County: I am the Democratic nominee for County Clerk of Pulaski County. I realize the fact that Pulaski county is normally Republican and that a Democrat does not stand much chance to win unless his Republican friends help him out. It is my purpose to make a clean race. I have nothing unkind to say about my Republican opponent. I can do the work just as well as my Republican opponent. It is true, however, that he has had 16 years experience as your county court clerk, but must we say that no other man or woman can handle the job? If so Pulaski county is in a bad fix. I finished the common schools of Pulaski county and attended the State Normal School at Richmond for several years, and was graduated from the Medical Department of the University of Louisville in 1912. Is it not time we had a change in the County Clerk's office? One man can hold an office so long he thinks it belongs to him and no one has a right to oppose him. I do not believe in a one man government or one man holding office a lifetime. My opponent has held office in this county for twenty years. Is it not time to lay aside politics and have a change? If elected I promise you efficient service and courteous and kind treatment." Yours very respectfully, — T.M. Garner
