Notice of Action on a Title V Operating Permit

The Louisville Metro Air Pollution Control District (District) proposes to renew an operating permit to Bakelite Synthetics (formaldehyde and phenolic resin manufacturer), 6200 Camp Ground Road, in accordance with Regulation 2.16. This action renews the permit for a five-year term. The 60-day public comment period starts on May 17, 2025, and ends on July 16, 2025. A public hearing may be scheduled if the District determines that there are germane, unresolved issues or substantial public interest, in accordance with Regulation 2.07. Drafts of the permit and summary are available at the District office, 701 W. Ormsby Avenue, Suite 303, Louisville, between 8:00 a.m. and 5:00 p.m., Monday through Friday, by calling Matt King at (502) 574-6000, emailing airpermits@louisvilleky.gov, or at the following website: <http://www.louisvilleky.gov/APCD/docket>. Copies of the application are available upon request. Written comments will be accepted at airpermits@louisvilleky.gov until midnight or at the District office until 5:00 p.m. on July 16, 2025. EPA has agreed to treat this draft Title V permit as a proposed Title V permit and to perform its 45-day review provided by the law and regulations concurrently with the public notice period. Although EPA's 45-day review period will be performed concurrently with the public comment period, the deadline for submitting a citizen petition to object to the EPA Administrator will be determined as if EPA's 45-day review period is performed after the public comment period has ended (i.e., sequentially). The status regarding EPA's 45-day review of this project and the deadline for submitting a citizen petition can be found at the following website address: <https://www.epa.gov/caqpermitting/clean-air-act-permitting-kentucky>.

The World's Lightest Wheelchair

For those of us who've found daily activities becoming more challenging, there's a remarkable breakthrough in mobility that's changing lives. This ultra-lightweight wheelchair is nothing like the bulky and heavy models of yesterday weighing over 35lbs! - imagine gliding effortlessly through your garden again, joining your family at the park, or meeting friends for coffee, all without worry of fatigue or dependency. Why not take that first step toward renewed freedom? Your next chapter of independence is here.

Throughout the ages, there have been significant advancements in mobility aids. From canes to walkers, rollators, and scooters, these devices were created to help those with mobility issues maintain their independence. However, there haven't been any truly revolutionary new products in this field until now. Until now, that is, because a team of engineers has developed something that's set to change the game. They've created the world's lightest wheelchair, weighing only 13.5 lbs, a personal mobility solution that's been called a game-changer. It's called the **Featherweight Wheelchair**, and there is nothing out there quite like it.

The first thing you'll notice about the **Featherweight Wheelchair** is how light it is! This is the world's lightest wheelchair at 13.5lbs, making it possible for anyone to lift into a vehicle. It's modern design and custom color options make it very lightweight, durable, and great to look at.

Why take our word for it? Call now and **receive \$50 Off** when you purchase a **Matte Black Featherweight Wheelchair! Only \$599!** Mention CODE 50FEATHER to start your journey towards effortless mobility.

★★★★★ **Lightweight wheelchair**

It's so light weight that it's no problem to lift in and out of the back of my car. It's also easy to set up and collapse down. It is very compact and the wheels come off for compact packing alongside luggage or groceries etc. My Mom finds it very comfortable to ride in as well and enjoys the look. We both love it.
