Sweater Weather

MELISSA GARRISON
-DOWN HOME WITH MELISSA

With Christmas being over, and the new year to come... there are still things to be celebrated. Like the cold weather for instance.

I'm kidding, actually. I kinda like the cold but it's not for everyone. Just like 100 degrees isn't for me either. I like a happy medium. Spring and fall, that's perfect to me. I do love the look of a beautiful winter day.

With snow on the ground, sun and blue skies. What a perfect picture. But snow is

taking its time getting to us. Accumulating snow, anyway.

With the new year here, what are your thoughts on some changes? Maybe you want you exercise, stop drinking sugary drinks, read more, less social media... whatever it is.. it is possible. I'm not really a resolution girl.

But when I see that a change needs to be made, I try to just do it. Change is never easy. Even warm weather going into cold weather is hard. From t-shirts to sweaters,

we have to adapt.

When we make a change, we have to adapt. That's the hard part. Hard but not impossible. So, if you're considering a new year-new you type deal- go for it.

Make the changes that only you can make for yourself. I'll be the first to congratulate you. Oh, and don't forget your sweater if you go outside.

"Let us love winter, for it is the spring of genius." -- Pietro Aretino
